ADVENTURES IN BIG MATH · 3RD GRADE MATH

MISSION 06 OF 08 · WORKSHEET PACK

Geometry Quest

Every graded set, every week — 5 weeks, 25 two-page sheets, with an answer key after each week.

WEEK 1	5 sets
WEEK 2	5 sets
WEEK 3	5 sets
WEEK 4	5 sets
WEEK 5	5 sets

HOW TO USE IT

One page per day. Warm-Up is recall, Core is the graded tier, Challenge is never graded — the score box counts the graded items only. The same items appear in the app's Practice Bay, so a day can be done on paper or on screen, not both.

What an Angle Is

Every answer is a number of degrees, or a count. Type digits only.
