Every graded set, every week — 3 weeks, 15 two-page sheets, with an answer key after each week.

WEEK 1

WEEK 2

WEEK 3

HOW TO USE IT

One page per day. Warm-Up is recall, Core is the graded tier, Challenge is never graded — the score box counts the graded items only. The same items appear in the app's Practice Bay, so a day can be done on paper or on screen, not both.

Reading a Graph

Each question describes a graph in words. Find the scale before you answer anything.
